

Bomaderry High School

A Quality Experience

4E PROGRAM- HIGH POTENTIAL & GIFTED EDUCATION

Our school supports every student to achieve their educational potential. We strive to improve the learning outcomes of High Potential and Gifted students through teaching and learning opportunities aimed at enhancing critical and creative thinking, by applying the philosophy that teaching programs focus on more intensive and deeper teaching and learning practices. Collaborative and strategic practice will ensure that the specific learning and wellbeing needs of High Potential and Gifted students are met. It is for these reasons the 4E program has been developed for high potential and gifted students in Years 7 and 8.

At BHS we aim to *RISE* - Recognise the potential in students, *Inspire* students by tapping into their interests and potential through engagement opportunities, and help your child to *Strive* for future success and *Empower* them to be active and engaged future High School students. The program aims to accelerate, enrich and extend students through design thinking projects and cross-curriculum priorities. This unique two-year program also gives students the opportunity to participate in a variety of extra-curricular learning and leadership activities.

Only students who are enrolled at Bomaderry High School for 2024 are able to

apply for the 4E class. The program is offered through a strict selection process at the end of Year 6. Students will attend an experience day at BHS to engage with enrichment opportunities in key learning areas such as STEM and Humanities as well as immerse themselves in a personal interest area. Students will be offered a place in the program based on our observations and assessments that day.

Year 6 students are invited to apply by completing an [online application form](#):

Alternatively, parents can also obtain a paper application form from our front office.

Applications must be submitted to Bomaderry High School by the first day of Term 3 2023.

For more details, please contact the school on 4421 0699 or via email Bomaderry-h.school@det.nsw.edu.au.
