

Miss Amalie's Year 1 / 2 Class

Science – Environmental Sustainability KESAB (Keep South Australia Beautiful)

On the 20th June, KESAB came to visit Kapunda Primary. We learnt how to make our own recycled paper.

This activity linked to recycling and environmental sustainability. In Science we have been learning to recognise the dependence of living things on healthy ecosystems.

101 Days of School Celebrating with a Dalmatian Dress Up Day!

Mathematics

Place Value – using manipulatives

In Mathematics, we have been learning about Place Value. We have been using MAB blocks as a multisensory manipulative to help us develop a deep understanding about hundreds, tens, and ones. When have also been working on our problem solving skills to develop our critical and creative thinking.

NAIDOC WEEK

Written by: Sadie Mackenzie

NAIDOC Week 4/7/23

For NAIDOC week, first we started in our classroom and Miss Amalie read us a story about Respect. Then Miss Amalie gave us a sheet. We had to draw a picture about someone who helped us do something.

Next we went to Room 9 and watched a story about a rainbow serpent. Then we got two pipe cleaners and rainbow wool to make a rainbow serpent. I had lots of fun.

Then we went into the JP yard and looked at how the Aboriginal people dot painted other people and rocks. Then we tried to do our own dot painting. I drew a flower, sun and some little flowers.

NAIDOC Week

For NAIDOC week we started in our classroom. We read a story called respect and drew pictures of our family members.

Next we went to Room 9 and watched a powerpoint and made a sea serpent. We made it with wool and pipe cleaners.

Then we went to the JP courtyard and made dot paintings. We watched a powerpoint. It was about Aboriginal symbols.

Last we painted rocks. We used paint pens. My rock was very beautiful.

NAIDOC week 4/07/23

For NAIDOC week we read a story called Respect. We drew a picture of our family.

Next we made a rainbow serpent. I went to make a necklace but I couldn't.

Then we made a dot painting. It was lots of fun.

After that we made small rocks. It was fun.

NAIDOC Week

for NAIDOC Week we started in our classroom room eleven. We read a story called Respect. Then we wrote a story about someone who taught us something. Next we went to room nine, we watched the Rainbow serpent.

In Writing, we have been learning how to structure a recount. These are some of the recounts written about the wonderful NAIDOC Week activities we participated in.
