

Thursday 23 November

Dear Parents and Caregivers,

We extend our sincere gratitude to all the families who participated in the recent survey gauging interest in acquiring iPads for students in a multi-age Year 3/4 class. Your engagement in this process is highly appreciated.

As we communicated the anticipated class structures for the upcoming school year, we have encountered an unforeseen increase in student enrolment. Consequently, we have had to revise our class configurations. Notably, the 3/4 class will no longer be in place for the 2024. Instead, we are excited to share that there will be two dedicated Year 3 classes and one 2/3 composite class.

Considering this adjustment, we wish to inform you that no Year 3 student will be required to acquire an iPad in 2024. We value the support and enthusiasm demonstrated by our community, and it exciting to see families eagerly embracing the prospect of participating in our 1:1 Technology program when their children progress to Year 4 in 2025.

Once again, we express our deepest appreciation for your understanding and cooperation in navigating these changes.

Kind Regards,

Hannah Murdock
Associate Principal
