

## It hasn't "Bin A Long" Time since Binalong won!

Binalong pulled through at the Arabin Cup by one point winning two years in a row!

Binalong One, or Gilbert as most kids call them, pulled through by one point Gaining 78 points overall, beating Quandialla and Jugiong who were tied with 77 points.

On Thursday the 24th of October the Binalong Golf Club hosted 11 schools for the Arabin Cup, it was founded by the Arabin families 15 years ago. It was a very hot day but all schools had a thrilling time playing against each other. When Binlong played their first game they smashed their opponents.

For their first game Binalong played Bowning with Bowning getting one person home, Binalong ran really fast and cheered on their team, they got most of their people home. That might've been the game that made them win!

For Binalong's second last game, they played Monteagle, and to their surprise someone who used to go to their school, called Kayden, was there! It was pretty hard to play an old friend but they still pushed through and won.

Binalong played fiercely through all of their games but when they played Jugiong, they were challenged. All of Binalong supported their team by cheering. Jugiong had very big hitters and they never gave up. But despite all the great players, Binalong and Jugiong tied the game!

Big hitter Thomas said, " It was a very hard and wild match! But we had a blast!" While pitcher Xavier said, 'I didn't have fun at all'.

When Binalong finished their last game and headed to the presentation everyone was nervous. Would they win two years in a row?

Mrs Arabin talked about the day while the teachers double checked the scores.

Everyone waited patiently for the scores to be announced...

Mrs Arabin checked with the teachers one final time and her facial expression did not tell us much when she was about to tell us who was in second place.

She said it was a tie for second place and those teams were...

Quandialla and Jugiong! Binaong looked at each other with excited faces. They tied with Jugiong in their last game, does this mean Binalong won again?

Mrs Arabin called out the winners of the Arabin cup 2024 and the winners were...

Binalong One! (Gilbert)
